Music Production 1:1 [Ableton or Logic]

Course Info

Our Music Production 1:1 Tuition dives deep into all aspects of Producing: Audio/Signal Processing, Audio/Midi Effects, Sequencing + much more.

You will be given access to a personalized cloud space where we will keep all your class recordings & content.

The course is aimed at both professionals & hobbyists looking to further their skills at an

affordable price.

Course length: Fully Flexible – Built to your requirements [Usually 4 weeks]

Course Price:

- 1 Class – €100
- 4 Classes – €300

Delivery: Online

Educational Requirements

No educational requirements need to be met, the programme is designed for all ages & skill

levels. However, we do require genuine interest in the industry in entering or upskilling

within the industry.

General Course Requirements

- A proven interest in audio and/or music technology, and to display some interest in related creative media arts
- Basic knowledge of computers (Mac/PC, and audio software): helpful but not essential
- For those who wish to attend Music Tech online, a PC or Mac with appropriate software is essential.
- Zoom app and access to broadband.

Content

Just like the timetable, the content is fully flexible & is built to your requirements. Prior to starting 1:1 class, we will do an assessment of your skills & goals. From there we will build a custom plan for you.
